

Abstract

Dr. Gamal Haikal

Toward Restructuring the Public Pension Sector in Egypt Comparative Study between the Arab Republic of Egypt, Republic of Chile and Kingdom of Sweden

Internationally, large number public pension systems are facing a looming ghost of long-term financial insolvency. Several reasons contribute to these problems including aging bad design and imprudent systems reserves investment practices. The thesis aims to evaluate the long-term financial sustainability of the Egyptian public system in Egypt. In addition the thesis evaluates the infrastructure of the Egyptian public sector against the different successful practices of reform with a special focus on the experiences of Kingdom of Sweden and Republic of Chile.
