

THE FIRST WORLD CONFERENCE ON INTERNET OF THINGS

APPLICATIONS AND FUTURE (ITAF 2019)

IMPORTANT DATES

Paper Submission Opens
1st March 2019

Paper Due
31st May 2019

Acceptance Notification
5th July 2019

Registration Due
15th July 2019

Conference Dates
12-13 October 2019

CONFERENCE THEMES

- ITAF 1: Big Data Research
- ITAF 2: Emerging Services and Analytics
- ITAF 3: Internet of Things (IoT) Fundamentals
- ITAF 4: Electronic Computation and Analysis
- ITAF 5: Big Data for Multi-discipline Services
- ITAF 6: Security, Privacy and Trust
- ITAF 7: IoT Technologies
- ITAF 8: Open & Cloud technologies

ABOUT ITAF

The First World Conference on Internet of Things: Applications & Future (ITAF 2019) will be held at Cairo, Egypt, September 29-30, 2019. The 1st ITAF congress features two days of focused networking and information sharing at the IoT cutting edge. This first edition brings together researchers, leading innovators, business executives and industry professionals to examine the latest advances and applications for commercial and industrial end users across sectors within the emerging Internet of Things ecosphere. It targets state-of-the-art as well as emerging topics related to Internet of Things such as Big Data Research, Emerging Services and Analytics, Internet of Things (IoT) Fundamentals, Electronic Computation and Analysis, Big Data for Multi-discipline Services, Security, Privacy and Trust, IoT Technologies, and Open & Cloud technologies.

OBJECTIVES

The main objective of the conference is to provide opportunities for the Researchers, Academicians, Industry persons, Students, and expertise from all over the world to interact and exchange ideas, experience in the field of Internet of Things. It also focus on innovative issues at international level by bringing together the experts from different countries.

It introduces emerging technological options, platforms and case studies of IoT implementation in areas by Researchers, leaders, engineers, executives, and developers who will present the IOT industry which are dramatically shifting business strategies and changing the way we live, work, and play. The ITAF Conference will showcase insightful keynotes, case-studies, and breakout sessions, focusing on smart solutions leading Egypt in IoT technologies into 2030 and beyond.

ON BEHALF OF CONFERENCE ITAF 2019

Assoc. Prof. Dalia Magdi,
Chair ITAF 2019
